

ceresdisplay.

about us

Established in 2003, Ceres Reklam has grown from a modest company to a reputable outdoor advertising and POP displays manufacturer in the recent years. As of 2015, with the help of ten years of experience in the market we have accomplished to become the business partner of worldwide known brands in domestic market. Starting from late 2013 we have decided to carry this expertise into indoor sign and display systems under our new brand Ceres Display. Following the necessary investments on skilled workforce and machinery, introducing our new illuminated product range at Euroshop 2014 was a milestone for our company. As of 2015, we have become a reliable displays manufacturer offering our partners high end products in this new segment worldwide.

We have the ability to process aluminium, steel, acrylics and wood in our facilities in Istanbul and also offer in house powder coating, lacquer paint and digital-uv printing. Alongside our standart stock displays manufactured and shipped to your warehouse in short lead times, we also have the ability to provide custom and personalised displays upon your request. Our services include design – project management – manufacturing – logistics to meet your custom requirements. Our primary goal is to offer you quality and integrity to gain customer satisfaction and to become your premier supplier of display systems.
